

If you are looking after a friend or family member and you need some extra support, we are here to help

When a carer first contacts us, we take them through a registration process to make sure we provide the most appropriate support that may make their caring role more manageable.

Once a carer is registered with Swindon Carers Centre, we can then process their Emergency Card Scheme application.

# Carers Emergency Card Scheme

Do you worry about what would happen to the adult/child you look after, if you were taken ill or had an accident?

If so, the Emergency Card Scheme can offer you peace of mind

We are here to help

## What is the Emergency Card Scheme?

The scheme offers you peace of mind, that if an emergency should occur, plans can be put into place quickly to support the adult/child you care for.

You develop your own emergency plan, with help from staff at Swindon Carers Centre if required. The plan will detail information about you and the adult/child you care for and what you would want to happen if an emergency prevented you from carrying on with your caring responsibilities.

## Our Mission:

*To improve the well-being of people with caring responsibilities in and around Swindon, creating a community where carers are recognised, valued and supported*

Your details and emergency plan will be registered with the Urgent Care Centre, Great Western Hospital. You will be issued with a card similar to a credit card. The card has a unique number linking to your emergency plan and a 24-hour telephone number.

In an emergency, anyone finding the card can call the number on the card and quote your unique number. Staff at the Urgent Care Centre would then ensure your emergency plan is put in place.

## Emergency Card

### How do I join the scheme?

After registering with Swindon Carers Centre, the first step is to complete an application form. The staff at Swindon Carers Centre will review your form and contact you if any further information is required.

If you have an existing emergency plan in place, we will ensure this is linked in to the scheme.

If the adult/child you care for has complex care needs, the staff can help you to develop an emergency plan to accommodate this. If you cannot nominate alternative contacts to take over some or all of your caring role, Social Services will make arrangements in an emergency situation.

**To request an Emergency Card Scheme application form, please contact Swindon Carers Centre either by phone or email and we will arrange a form to be sent to you.**

Please note that due to the high demand for our services, there is occasionally a waiting time of a few weeks before we can help
