Swindon Carers Centre

If you are looking after a friend or family member and you need some extra support, we are here to help

Are you a carer?

If you are looking after an ill, frail or disabled family member, partner or friend, then you are a carer. The person you look after may be elderly, have a physical or mental health condition, a learning disability or a drug or alcohol dependency (diagnosed or undiagnosed).

People often don't view themselves as carers, and as a result can miss out on the various rights, benefits and support which may help them in their role.
